■ THE ANSWER

Here's your step-by-step action plan: STEP 1: Call +1-855-235-0024 IMMEDIATELY. Do NOT go to the rebooking desk — during irregular operations the line can be 200+ people and 2-3 hours. The phone agent helps you in 2 minutes. STEP 2: Tell the agent exactly what happened: "I missed my connection. My first flight [flight number] arrived late / I arrived late." The agent sees your full itinerary. STEP 3: Agent rebooks you. If AA caused it: CONFIRMED seat on next connection. If you caused it: standby on next (free). STEP 4: Ask for meal voucher. If AA caused it, you're entitled to $15-30 for food during the wait. Just ask. STEP 5: If it becomes overnight, ask for hotel + ground transportation. AA covers this when it's their fault. STEP 6: Get your new boarding pass — agent emails it or you pick it up at the new gate. STEP 7: Go to the gate of your new connection and wait. Pro tip: While on hold with AA, ALSO check the departure board for the next flight to your destination — tell the agent that flight number so they can try to get you on it specifically. Call +1 (855) 235-0024 — 24/7.
